

# Cómo verificar su velocidad de Internet

Antes del día del examen, deberá asegurarse de que su conexión a Internet sea lo suficientemente rápida como para hacer el examen desde casa. La velocidad mínima recomendada es de 200 kilobits por segundo. Su estado ofrece una prueba de velocidad para informarle si su velocidades suficiente.

Si se pierde la conexión a Internet mientras su hijo está realizando un examen, las respuestas a las preguntas del examen se guardarán y su hijo podrá reiniciar el examen una vez que vuelva a conectarse a Internet e inicie sesión de nuevo. Si esto ocurre durante un examen, informe al docente de su hijo al respecto.

Siga estos pasos para verificar su velocidad de Internet:

1 Abra Chrome o Firefox y vaya a:

Given the current network conditions, your available bandwidth meets or exceeds the necessary requirements.(Please note: The throughput estimates include the encryption/decryption overhead for data transfer. Throughput estimates change as the network conditions change and can vary from run to run.)
