

Tools for Teachers Users

The Idaho Standards Achievement Test (ISAT) Comprehensive Assessment System includes Tools for Teachers which provides resources to help teachers plan instruction, including lessons, activities, instructional strategies, and links to sample test questions.

Tools for Teachers access is now available to all district/school staff. Staff must be added to TIDE as a Tools for Teachers user to access the resources.

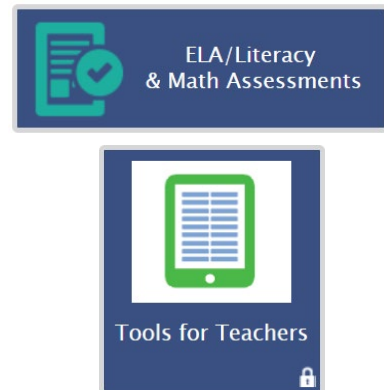

A state, district, or school user will need to provision your account. A system generated email containing a link to reset your password will complete your account activation.

Access is available via the ISAT Portal or through the TIDE user interface once you have an activated account.

1. The ISAT Portal

- Click on the **ELA/Literacy & Math Assessments** assessment card on the homepage of the ISAT portal (<https://idaho.portal.cambiumast.com/>).
- Select the Tools for Teachers card. The Tools for Teachers log-in page appears.

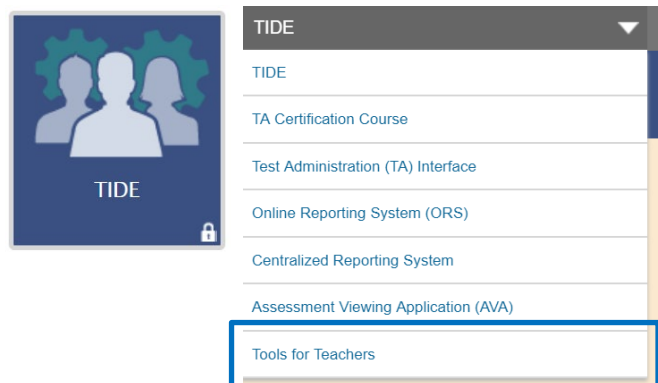

Assessment and Tools for Teachers Cards

2. The TIDE Interface

- Select the **ELA/Literacy & Math Assessments** card on the homepage of the ISAT Portal.
- Select the TIDE portal card. The TIDE log-in page appears.
- Once you have logged in to TIDE you can access Tools for Teachers through the drop-down on the upper left corner of the page. *Please note:* you will see links to other assessment systems, but you will only have access to Tools for Teachers.

TIDE Portal Card and TIDE Systems Drop-Down

At the beginning of a new school year, your password and security details will be automatically reset. You will receive an email to notify you of this occurrence and to alert you that you will not be able to log-in to Tools for Teachers until you reactivate your account for the new school year.
